

SAVSOL POWER COOLANT

DESCRIPTION:

SAVSOL POWER COOLANT is Eco-friendly coolant with superior performance which goes long miles with outstanding corrosion protection, efficient performance on cavitation and erosion problems and resists formation of deposits on heat transfer surfaces. It protects engine components from boiling and corrosion.

APPLICATION:

SAVSOL POWER COOLANT is recommended for use in radiators of all advanced engines of trucks, buses, LCVs, cars, SUVs, tractors, earth moving and construction equipment's and highly loaded engines used in tropical regions where freezing protection is not required.

SPECIFICATION:

SAVSOL POWER COOLANT complies specification of: BS 6580-2010.

DILUTION RATIO:

SAVSOL POWER COOLANT recommended dilution ratio is:

1 part of SAVSOL POWER COOLANT in 4 parts of demineralised (DM) water.

Also it is compatible with hard water with hardness even up to 700ppm.

ADVANTAGES:

SAVSOL POWER COOLANT offers the following advantages:

- Easy Dilution
- Excellent cooling.
- Low Evaporation.
- Hard water stability of up to 700 pp
- No scale formation and No foaming.
- Outstanding heat transfer.
- Superior seal compatibility.
- Excellent corrosion protection.

SAVSOL POWER COOLANT

TECHNICAL SPECIFICATIONS

PROPERTIES	ASTM TEST METHOD	TYPICAL VALUES
Appearance	Visual	Clear & Bright
Colour ASTM	Visual	Green
Density @ 20.0°C, gm/cm ³	D1298	1.0020
Miscibility With Water	--	Miscible in all proportions
Hard Water Stability	--	Stable in Hard Water, No Separation, No Precipitation

The above details are typical results under normal production conditions and could vary depending upon external factors.

The information provided herein is subject to change without notification depending upon change in specifications of the products.

We make no warranties other than the specifications of the product, express or implied, and hereby disclaim all express or implied warranties, including warranty of any recommendations, merchantability and fitness of the product for a particular purpose.

We shall not be liable for any direct, indirect, incidental, punitive or consequential damages unless otherwise agreed by us in writing.

STORAGE

Store the products indoors and avoid direct sunlight or heat. Please keep the container in closed condition always.

ENVIRONMENT, HEALTH AND SAFETY

- Do not dispose the used oil to soil, drains and water. Dispose the used oil through authorized collection point
- This product is unlikely to present any safety & health hazard when properly used in the recommended application.
- Avoid contact with skin and eyes. After skin contact, wash with water and soap.
